Throughout my previous career in luxury service on yachts and palaces around the world, I developed excellent problem solving skills, adaptability, and a great attention to detail. I'm now looking to use these skills, in combination with my education in fine art, as a web developer. My experience has led me to realize that I am driven by the goal of making a positive impact with my work, and I am excited to continuously learn and improve myself and the world around me through technology.

EXPERIENCE

Stewardess | Private Yacht

MARCH 2019 - NOV 2019, MEDITERRANEAN SEA

- Liaised between up to 12 guests and 9 crew to keep yacht clean and running smoothly, using efficient communication and teamwork skills
- Demonstrated commitment and organization by working up to 17 hour days, and stepping into chief stewardess role in her absence

Hostess (Seasonal) | Private Chalet

DEC 2018 - MARCH 2019, MEGEVE, FRANCE

- Solely accountable for all interior operations, including cleaning, serving, and coordinating all guest needs and expectations
- Developed new skills on the job as required (serving etiquette, heated pool maintenance, etc)

Admin | Royal Palace

DEC 2015 - MAY 2017, JEDDAH, SAUDI ARABIA

- Enhanced palace systems alongside manager by overseeing construction jobs, scheduling, and improving vacation and salary for staff
- Quickly learned office duties on the job, including HR responsibilities, cash accounts, purchasing, and coordinating teams of 100 staff to prepare for royal visits
- Facilitated royal visits for up to 3 months at a time, supported and motivated staff to cater for up to 12 royal family members with entourages of 50+ people

EDUCATION

BrainStation | Diploma Candidate, Web Development

JAN 2020, VANCOUVER, BC

Nova Scotia College of Art & Design University | Fine Art

SEP 2012 - APR 2014, HALIFAX, NS

SKILLS

HTML5, CSS, JavaScript, React.js, DOM APIs
Node.js, Express.js, Web APIs, User Authentication, OAuth
MySQL, Jest, Enzyme, Heroku, GitHub, WebPack

PROJECTS

[Bandsite](#) | [Brainflix](#) | School Projects

JAN - FEB 2020, BRAINSTATION

Shelby Mitchell

Admin at Saudi Palace, Yacht Stewardess, Fine Art at NSCAD University

My background is diverse and ranges from studying fine art, to processing seafood, and most recently to working for billionaires on yachts and royalty in the middle east. I was introduced to coding at art university, and in my career in luxury service afterwards, was often tasked with complex problem solving. I'm excited to connect the dots between my education and experiences, to keep challenging myself, and to solve problems as a developer.

Fluxus

Fluxus is a tool to connect visual artists for the purpose of collaboration. By creating a space to share skills, processes, and ideas, Fluxus encourages creativity for creativity's sake, without the pressures of promotion.
